Resume

Software Developer

Personal details

Name	Haxhi Zogaj
Email address	haxhizogaj2003@gmail.com
Phone number	048773233
Address	FusheKosove/Bresje, 12000 Prishtine

Education

Bachelor of Science in Computer Science.
UBT, Prishtine
A dedicated and motivated Bachelor of Computer Science student seeking opportunities to apply technical skills and knowledge gained through coursework and projects to contribute effectively to software development teams

Employment

Software Developer Intern
ASEE, Prishtine
- Assisted in developing web applications using .NET Core and Entity Framework.
- Gained experience in MVC architecture and database design.
- Worked on debugging, testing, and improving application performance.
- Learned industry best practices and Agile methodologies.
- Worked extensively with Syncfusion components, integrating various demos into .NET Core applications.
- Developed Word Document Management features and implemented Syncfusion DataGrids with inline and dialog editing.
- Created and customized schedulers for effective task management and scheduling.
- Contributed to a Human Resource Management project and integrated some features related to Core Banking.
- Developed and enhanced Core Banking features using .NET Web API and Angular, implementing various functionalities to improve the system.

Software Developer (Junior)
Dinamyc Spheres,, Prishtine
- Passionate and detail-oriented **Software Developer** with 1+ years of hands-on experience in developing web applications using modern frontend and backend technologies. Proven ability to build scalable, maintainable, and user-friendly software using:
- **Frontend**: React.js, Angular, HTML5, CSS3, JavaScript, AJAX
- **Backend**: ASP.NET Web API, .NET Framework, ASP.NET MVC
- **Frameworks**: .NET Framework, ASP.NET Core MVC, React.js, Angular
- **Database & Tools**: SQL Server, Entity Framework, REST APIs
- **Collaboration**: Agile/Scrum, Git, GitHub, Visual Studio, Postman
- Collaborated with cross-functional teams to enhance system performance and user experience.

Skills

Technical Skills

Programming Languages: C#, Java, JavaScript, TypeScript

Backend Development: .NET Core, ASP.NET MVC, Entity Framework, .NET Web API

Frontend Development: Angular, React.js, HTML5, CSS3, JavaScript, TypeScript

Databases: SQL Server, MySQL

Version Control: Git, GitHub

Development Tools: Visual Studio, VS Code, Postman

Other: RESTful APIs, Agile Methodologies, Unit Testing, AJAX

Projects

Bus Management System
Tech: .NET Web API, React.js, MSSQL.
- Developed APIs and frontend interfaces to manage bus schedules and routes.
- Implemented real-time data updates and responsive design.

Word Document Management System
Tech: .NET Core, Ajax,Syncfusion, Entity Framework,
- Created document upload, editing, and management features using Syncfusion components.
- Integrated inline and dialog editing with data persistence.

Scheduler Application
Tech: .NET Core,Ajax,MSSQL, Syncfusion Scheduler.
- Built a task and event scheduling app with customizable calendar views.
- Enabled seamless task management with drag-and-drop and inline editing.

Expense Tracker
Tech: React.js, .NET Web API, MSSQL.
- Designed user-friendly interfaces for tracking personal expenses.
- Developed backend APIs for CRUD operations and data analytics.

MejdisiIM – Environmental Awareness Platform
Tech: React.js, .NET Web API, Entity Framework,
- *Map Integration:* Show green zones, recycling centers.
- *Environmental Reporting:* Report illegal dumping, fires, pollution.
- *Notifications & Tracking:* Update users on issue status and nearby eco-events.
- *Community Features:* Comments, eco tips, and local event listings.

Other Contributions
- Core Banking System.
- Human Resource
- Files of Ocr
- Bill Payment System
